

Welcome to the Department of Public Safety's home on the World Wide Web. The Department provides service to citizens and visitors of Moore County and is prepared to meet their needs in a variety of ways. The Department consists of five divisions: Emergency Communications (E911), Emergency Management, Emergency Medical Services, Fire Marshal, and Transportation Services. An overview of our responsibilities include paramedic level ambulance response, E911 Communications, emergency scene assistance, special events management, disaster preparedness, regulation of hazardous materials storage sites, fire/rescue service coordination, emergency planning, prevention, training, business and community partnerships, transportation and administrative support.

Our divisions work closely as "One Team, One Mission" to manage situations that arise and ensure a high level of preparedness. The mission of the Department of Public Safety is to provide our citizens and visitors with the most proficient delivery of services that can be accomplished by prudently utilizing all resources available to the department.

Thank you for taking time to learn more about the Department of Public Safety.
